DURBANS NO.1 TRUCK ACCIDENT & REFURBISHING SHOP

TO WHOM IT MAY CONCERN

When it comes to wage issues, city computers are simply the best. With friendly, efficient and reliable staff who are always available to resolve and answer any issues you may have. This company has added support and an effortless system to our salaries department. They are always ready to go the extra mile and buy into your business as a strategic partner rather than just a service provider.

I would highly recommend City Computers to anyone looking to outsource or simplify their salary and wages department.

Regards

Bradley Buck

General Manager
